Dear Mr. Santos,

Thank you for contacting the U.S. Department of Education ("the Department"). I am writing to confirm receipt of your complaint, dated August 10, 2020, in which you allege that Johnson and Wales University - Providence has violated the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (*Clery Act*).

The intent of the *Clery Act* is to ensure that students, employees, parents, and members of the general public have ready access to the information that will allow them to make informed decisions about where they will study, work, and/or live. As the Departmental agency charged with enforcing the *Clery Act*, the Clery Group (CG) is committed to identifying, addressing, and correcting violations of the *Clery Act* so that members of campus communities can have confidence in the information provided to them regarding campus crime and campus safety.

CG is currently reviewing your complaint. A Campus Crime Compliance Specialist may contact you during this assessment to gather more information about the nature of your allegations and the institution at issue. CG may also contact the subject college to obtain information concerning your allegations and any other information that the CG feels pertinent to investigate. Once this information has been gathered, the CG will evaluate all of the available facts and circumstances, in total, before making a determination as to the proper course of action to take, if any.

If you have any supplemental materials that you believe would be of assistance to our assessment of your claim or have any questions, please email them to clery-complaints@ed.gov.

Thank you for contacting the Clery Group.
